## DETAILED ACTION

### *Election/Restrictions*

1. Claims 1-2, 5-8, 11-14, and 16-23 are directed to an allowable method. Pursuant to the procedures set forth in MPEP § 821.04(B), claim 12, directed to an alternative embodiment, is hereby rejoined and fully examined for patentability under 37 CFR 1.104.

Because all claims previously withdrawn from consideration under 37 CFR 1.142 have been rejoined, **the restriction requirement as set forth in the Office action mailed on 04/01/2008 is hereby withdrawn.** In view of the withdrawal of the restriction requirement as to the rejoined inventions, applicant(s) are advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once the restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

### *Allowable Subject Matter*

2. Claims 1-2, 5-8, 11-14, and 16-23 are allowed.
3. The following is an examiner's statement of reasons for allowance: the prior art of record, including Abitz et al (US 2005/0028441) and Bochmer et al (US 2004/0020114) which teach the base material layering, fails to disclose a method of manufacturing a

culture medium comprising having a first layer comprising particulate base material and thermoplastic bonding agent placed upon a second layer of base material that is free of binding agent, shaping the layers such that the second layer is completely surrounded by the first layer, heating the binding agent in the surrounding layer by using a heating agent to fluidize the binding agent, and then cooling the mixture to solidify the binding agent and bond together the base material in the surrounding layer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
